Abstract: This article religious manipulation in Nigeria society to the development threat that to emphasize movement Nigeria today's on the day society development or this in a way negative impact indicating very diverse beliefs with it is noted that in Nigeria religious of customs diversity manipulation Society development for tolerance sometimes his support is the point . Author intolerance and rebellion religious manipulation is the result of to the conclusion It comes . This is in Nigeria. religious of faith bad to be checked and him/her the most bad to the stage until it is ripe until reduction as a result to the surface came . However , this document this dangerous the movement control to do for To Nigeria from religion strict look at people how in a relationship to be to imitate about the necessity having studied comes out .

Key words : Religious views ; Nigeria ; Manipulation ; Religious values ; religious majors .

From this except in Nigeria religious manipulation reason as conflicts and crises watched . Subscribe to this Onabanjo (2011) Nigeria to independence from what has been achieved then fifty from the year more time later , this real national to integration obstacle what he did and thus the nation per unit serious anxiety gave birth to emphasizes . This point of view from the perspective of Nigeria face arrived many crises solution to do for one how many discussions and attempts made .

Manipulation is positive to the result achieve for person or to the situation psychological impact show . Yusuf Bala Osman's to his words According to " Nigeria between 1977 and 1987 religion manipulation in the book " to do " manipulation " person " or of the group actions , this person or of the group goals , purpose and method without knowing and control without doing " management " describes . even to them relatively control shape in general done from being increased aware " to be " (Osman , 1987). This scientific to the definition according to , Osman to people known one goal or to the goal achieve for people to absorb and manipulation to do possible said in mind . "Boko Haram" is targeting people west education evil that and in society difficulty giving birth forecast is doing , so for anarchist revolution from the style used without society Islam to the ideology suitable accordingly again build need , said from ideas is using . This criminal group by embedded video and documents carefully analysis so they only day order what they read , but no when Kalmatu testimony (Muslims faith testimony) that they did not read or Allah Almighty murder about to what they said hint that they didn't do identified . Innocent people Nigeria state Islamization day order support for In Nigeria religion manipulation to do Nigerians fast deteriorating poor socio-economic to the conditions deep root shot and high of the class microscopic one only a part high marriage from the level enjoy they will be , lower class and poverty and in poverty drowning in being continue is doing . Psychological depression this Nigeria people between division take arrival religious mask for under done increased . Such manipulation example Almatu (2012) Ladan-Barkida explaining gives , there organizations own members mainly from the poor how as send it , then their his brain wash and them between 200,000-100,000,000 naira was big in quantity money offer to do explains .

The value of religion about question inevitable become remains and given answers religion human life and in the presence positive contribution as inevitability determination for far the way pressing will pass . Question is that the value of religion is there a religion in the world ? So much

many evil source as if you look at it. - intolerance , fanaticism , bigotry , discrimination , hostility , mutual condemn , sacred war , persecution and other many things , values of religion about to speak contrary not . It is visible It is clear that religion is good . name no - this public It is opium , it is the drug of the foolish , the wise weak , stupid It is a " blanket" for the superstition , the object , the division brought Indeed , every one terrorism movement from religion come This will come out . negative to the circumstances despite , religion humanity to the existence positive contribution additive as against to take is still reasonable . Although religion is in a way shown although , but no how from the contradiction without fear to say It is possible that religion is good for humanity. or to humanity very many goodness did , from this except for him from the authority outside was main to questions answer the only legal phenomenon . science -like other sciences - things final come output and our our existence or of the universe final purpose about questions - religion is whole in the world millions to people their own meanings to find opportunity gave . lives . Meaningless life to live not worth it . Words from Einstein (2001) with saying : "His life meaningless happy man just unhappy not , maybe to life almost suitable " will not come " . Our our world suffering and suffering world , cruel wars and foolish injustices world . Such world many Biblical Job asked questions to give forced did : why are we suffering ? Why world unfair ? Pain and from tragedy goal What is it ? Satisfactory the answers find to changes take Religion, if it is human , spiritual measure own inside even if it is personal business not . Exactly that's why for man " society as a member of considered . Individuals their own spiritual aspects from nothing They do not develop . He is always always language such as acceptance is done ; we will do it unique our ability or to our talent according to from our change before acceptance we do . All individual or personal differences with religion itself wide public in the expression to society belongs to .

Nigeria in society religious manipulation reasons of the following consists of :

- Poverty : this poverty as a result to the surface If a person poor if so , it easily management possible . For example , one person his own religious member not been someone kill for spiritual to depression fall possible and there on earth and last on the day award takes ; his heavy to the situation Looking at him , he gets his daily bread . for easily surrender to be possible .
- Of the believers other beliefs about ignorance : this other people faith not knowing , then you their belief and to the doctrine relatively weak to the statement you believe and you try means .
- Public information of tools religious conflicts about noisy messages : this state owners by some of reporters leadership under happened This relationship will be with , reporters own work not to lose for sitting man in favor of every how message to give for manipulation will be done .
- Religious fanaticism : this other church / religion against to go out too much outside intolerance own inside takes . In this religiosity soul of the victims his life control This is their eyes other every how truth or natural , logical , reasoned and other to views This is a religious manipulation reason as , usually , if others own to the roads If they don't follow , they cursed emphasizes .

CONCLUSION

This in research religious manipulation society to the development threat that emphasizes . Basically In Nigeria Christian-Muslim religious conflicts reasons and consequences with related He is a Christian. team this to conflicts attitude and Christian religion content between tension However , this of conflicts current the reasons political tricks , economic to power aspiration and their own various religions work previously wants to push of those who were Christianity and of Islam deep religious qualities mutual ignorance with related to be possible . However , in Nigeria Christians and Muslims their own by Christ in relation trained virtue to understand is

called . In Nigeria many religious conflicts of the people social , political and economic to life negative impact showed . Exactly this attitude with us religious conflicts crises reduce and In Nigeria Christian and Muslims in the middle peace and harmony to live reinforcement for the purpose recommendations to give we strive . Recommendations they to put possible was psychological requirements understanding with done But that's it . highlight conflicts should be resolved solution to do for two both sides compromise arrival need is considered .
